

"No one will leave Samatvam - Jnana Sanjeevini uncared and unprovided, irrespective of their socioeconomic status."

Through the charity Projects DISHA and DOSTI, more than 3000 children with Type 1 diabetes, and 30,000 adults with type 2 diabetes, thus far have been the beneficiaries of FREE medical care and counseling, medicines, diagnostic services, education – employment and other forms of social support etc.

Sanjeevini Nidhi

2019 -2020

SERVICE WITH DEVOTION

Sanjeevini Nidhi -2020

Creation of a Corpus Fund

by Colonel [Retd] BM Bhatt, Ms Padmaja Srinivas, Dr S Srikanta

"Service to Man is Service to God"
Manava Seva Madhava Seva.
Jana Seva Janardhana Seva.
Nara Seva Narayana Seva.

It is a **KRUPANIDHI, DAYANIDHI KARUNANIDHI,** a repository of compassion and kindness.

Goal: To help stabilize, sustain and hopefully augment the 3 flagship public service projects of Samatvam:
DISHA
DOSTI
DEEPA
…. on a stronger footing, with longer term financial stability and viability.

To ensure continued, uninterrupted, and best possible quality **KRUPA = DAYA = KARUNA [Grace, Kindness, Compassion]** health care, to each and every poor and needy fellow citizen, seeking medical care and support at **Samatvam Jnana Sanjeevini.**

Target: Rs 25 crores: For **eternal** fixed deposit

Potential sources
Corporate CSR Funds
Government Grants
Family Memorials
Other Endowments
Philanthropists' Donations

Prayer: Your guidance and support will be gratefully acknowledged.

How you can help:
Sanjeevini Nidhi – Corpus Fund:
Rs 10000: Interest will support life-saving insulin, medicines and care for **one poor child or adult,** for one month every year.
Rs 100000: Interest will support life-saving insulin, medicines and care for **ten poor children or adults,** for one month every year.
Rs 1000000: Interest will support life-saving insulin, medicines and care for **one hundred poor children or adults,** for one month every year.
Donations of any amount and kind:
Your support will be gratefully accepted **(including "naming" your sponsorship / facility / endowment).** **[Refer Page 4]**

FREE Childhood Diabetes Clinic. For Type I (Insulin Dependent) Diabetes Children - Youth.

Project DOSTI

FREE Adult Diabetes Clinic. For Type II (Non – Insulin Dependent) Diabetes Adults.

Project DEEPA

FREE Education Programs and Scholarships. For Health Workers - Physicians - Scientists.

Samatvam – Jnana Sanjeevini

by Ms Uma Dayashankar, Dr T Kamala, Dr Kavitha Muniraj

"Sarvodaya and Anthyodaya"
Sarvodaya means 'development of all'. **Anthyodaya** means 'development of the last'. **Sarvodaya through Anthyodaya**: "Welfare of all through the weakest of the society" - Mahatma Gandhi [1908]. Mission of **Samatvam** will always be **"Health care of highest possible quality to the highest possible quantity, with emphasis on the socioeconomically underprivileged sections of society".**

1987: Samatvam: With this humble objective, **"Samatvam"** [referring to *Yoga or Equanimity*], began its public service activities in 1987 in New Delhi, India, with the inspiration of Padma Sri Professor Man Mohan Singh Ahuja, the Scientist - Sage and Father of Indian Endocrinology and Diabetology. The service areas of **Samatvam** include health care, education, research and social welfare.

1993: Samatvam Trust: Beginning in 1993, enriched by a small group of Doctors – Counselors – Social Workers - and Volunteers, **Samatvam Trust**, crystallized as a grass roots health care institution based in Bangalore. The primary focus was Endocrinology - Diabetes and related disorders and Community Medicine.

2003: Jnana Sanjeevini: In 2003, led by doyens of our nation like, Dr GVK Rao, Dr H Narasimhiah and Sri MA Srinivas, **Samatvam Trust** established **Jnana Sanjeevini** [referring to *Knowledge for Eternal Health*], as an "all under one roof - multispecialty" Diabetes and Endocrinology Day Care Center, at its own premises in JP Nagar, Bangalore.

Service with Devotion: *"Service with devotion"* is our motto. Each patient deserves the best of our knowledge, skills and most importantly humanity.

"People and Team – "Jana Shakthi": People and team are our core strength. Patient is always the captain of our Team. Together everyone achieves more. Commitment to reach out to the poor and needy is permanent.

Power of Prevention: *"Power of prevention"* is our slogan. Diabetes and its complications are preventable: Heart attacks, strokes, blindness, kidney failure, gangrene / leg amputations are preventable. Angioplasty and bypass surgeries are preventable, to a major extent. **The answer is in your hands, ….. ….. Samatvam - Jnana Sanjeevini is there to help you.**

Pioneering service to people and nation: During this long journey, at several steps, we have pioneered novel public health education programs for diabetes, innovated outreach rural and urban Diabetes Camps and implemented Model Self-Help Community Care Services, for our people and nation …. All with social relevance, for human and societal good.

Through these activities, **Samatvam** [despite being a small grass roots organization] has earned to its credit several **FIRSTS or EARLIESTS or LARGESTS,** in the health care arena of our country; these include:

Structured Hospital, Clinic and Community Based Diabetes Patient Education Programs: Improvement of their knowledge, skills and confidence, enabling them to take increasing control of their own condition and integrate effective self-management into their daily lives.

Diabetes Educators, Counselors, Specialist Nurses, Physician Assistants, Social Workers and Podiatrists: Training and deployment of "intermediate" health professionals to ensure better diabetes care and overall health care.

Childhood Diabetes Clinics, Residential Diabetes Camps and Patient Parent Support Groups: Specialized medical care, combining insulin and love, and empathy and empowerment to ensure health and happiness for the family.

HEALTH CARE

Service with Devotion
"Give, even if you only have a little." "Do Good, Be Good." Lord Buddha

People and Team: Jana Shakthi
" Be the change you want to be." "Let your life be your message." - Mahatma Gandhi

Power of Prevention
"Arise, awake and stop not till your goal is reached." "Be and Make." - Swami Vivekananda

Public Health Education
Outreach rural and urban camps and Model Self-Help Community Care services.

Diabetes Patient Education
Structured hospital, clinic and community based diabetes patient education programs.

Samatvam - Jnana Sanjeevini

by Ms Uma Dayashankar, Dr T Kamala, Dr Kavitha Muniraj

24 Hour FREE Diabetes Helplines:
World's longest and busiest 24 hour FREE Diabetes Helplines have catered to patients and families from far off countries [across the globe], for both general and emergency medical support.

Mass Print and Electronic Media:
Successful utilization of mass print and electronic media, to disseminate our message of Power of Prevention.

Insulin Pump and Continuous Glucose Monitoring Program: Implementation in 2002, of the first certified Insulin Pump and Continuous Glucose Monitoring Program in India.

Guinness World Record – Largest diabetes awareness lesson:
